

## East London Business and Property Expo 2026

**Saturday, March 21<sup>st</sup> at City Gates Conference Centre**

**Redbridge Chamber of Commerce** exists to connect, support, and champion the 14,000 plus businesses across the London Borough of Redbridge. Each year we bring the business community together through monthly Chamber meetings held on the second Wednesday of every month, and annually through our flagship event the East London Business and Property Expo.

Now in its sixth year, the East London Business and Property Expo has become one of the most anticipated business events in the region. In 2026 we expect over 600 attendees including startups, SME founders, and business owners who are typically the key decision makers within their organisations.

This event is designed to create real conversations, meaningful connections, and measurable commercial opportunities through face to face engagement.

### **Session Sponsorship Opportunities**

Session Sponsorship is one of the most effective ways to position your business as a trusted expert. This option is particularly valuable for professional services such as solicitors, accountants, financial advisers, and business consultants who want to educate, add value, and build credibility with a highly engaged audience.

As a Session Sponsor you will have the opportunity to lead a focused session, showcase your expertise, and engage directly with business owners who are actively seeking guidance and solutions.

Sponsorship packages are built with return on investment in mind and include digital, print, and on the day brand exposure, promotion across Chamber channels, and access to high quality attendee data to support follow up and relationship building.

To protect sponsor investment, we operate a strict exclusivity policy and do not allow multiple sponsors offering the same service category.

## **Exhibitor Opportunities**

Our exhibitor spaces are designed for businesses that want direct access to decision makers through face to face conversations. We select a limited number of exhibitors to ensure quality interactions rather than crowded foot traffic.

Exhibitors benefit from a professional audience, structured networking, and the opportunity to build warm leads through genuine conversations. This approach consistently delivers better outcomes than traditional trade show models.

All exhibitors receive brand visibility before, during, and after the event, along with inclusion in official Expo communications and promotion through the Redbridge Chamber of Commerce network.

Both sponsors and exhibitors benefit from alignment with the Redbridge Chamber of Commerce, an organisation committed to supporting business growth and collaboration across Redbridge and beyond.

## **Why Partner With the Expo**

Sixth year established event with a strong regional reputation. Over 600 anticipated attendees from startups to established SMEs. Monthly Chamber engagement ensures year round visibility and connection beyond the Expo itself.

## Exhibitor Offer

The Redbridge Chamber of Commerce exists to support and champion the 14,000 plus businesses across Redbridge. Each year we carefully select just 25 exclusive exhibitors to showcase their businesses to over 600 engaged entrepreneurs, decision makers, and business owners at our flagship Expo.

Exclusivity is a core part of our approach. We do not allow multiple exhibitors offering the same service. This protects your investment, removes direct competition on the day, and positions your business as the clear go to provider in your category.

## Why Exhibit at the Expo

Meet founders and senior decision makers from startups and SMEs. Build warm leads through face to face conversations. Promote your business in a professional environment designed for quality engagement rather than foot traffic.
